Forecast for Tuesday 01 Mar 2022

Weather: A few showers and occasional hill fog overnight Monday and continuing through Tuesday morning, occasionally heavy through the early hours, though easing and becoming more isolated towards midday. Showers will fall as snow above 400-600 m. Drier with brighter spells through the afternoon, though isolated hill fog on the higher summits. Remaining cold and dry through the evening with some clear spells.

Chance of cloud-free hill tops above 800m: 30% overnight, increasing 70% by midday.

Low Cloud and visibility: Good visibility away from snow showers and hill fog, where visibility will decrease to moderate or poor. Cloud bases 500-800 m overnight and early Tuesday morning, lifting to 800-1000 m towards midday.

Met Office Aberdeen Meteorologist's View

Expect quickly changing conditions in any snow showers. Severe wind chill, with warm clothing essential.

Forecast for Wednesday 02 Mar 2022

Weather: Dry overnight into Wednesday morning, but thickening cloud and increasing amounts of hill fog from late-morning, with outbreaks of rain or summit snow. Winds quickly strengthening, with a risk of gales on the summits from mid-morning.

Maximum wind: Southeasterly 30-40 mph, gusting 45-55 mph through the afternoon.

Chance of cloud-free hill tops above 800m: 70% early morning, decreasing to 50% from mid-morning, and 10% through the afternoon.

Low Cloud and visibility: Good visibility through the morning, decreasing moderate in rain from mid-morning. Patchy cloud bases 900-1100 m early morning, lowering 500-700 m from mid-morning, and 300-500 m through the afternoon.

Temperature: **Glens:** Minus 1 celsius rising to plus 5 celsius.
At 800m: Minus 4 celsius, rising to minus 1 celsius.
Freezing level: All elevations overnight, rising 400 m through morning, and near summits afternoon.
